Mostly hand crafted for countless creativity

Cork wallpaper is a high-quality product produced from thin cork shavings, obtained directly from the bark of the cork oak tree. Provides the natural beauty and warmth of cork while allowing durability. **Much of the production is hand crafted.**

FEATURES

- › *The natural texture of cork combines softness and flexibility to the touch with a naturally uneven surface. The variable degree of irregularity is given by the type of cork used.*
- › *Skin-friendly, because they do not contain glass fibres*
- › *PVC free*
- › *No addition of heavy metal compounds or formaldehyde*
- › *Dimensionally stable - therefore no soaking time required*
